CONTRIBUTORS TO SCHOOL PRIZES

Each year prizes and awards are made to boys in memory of former pupils and staff of the school. Some are also kindly donated by friends of the school to ensure that a particular achievement is recognised each year. This enables the school to reward pupils who have done particularly well in some aspect of school life during the previous academic year. Unfortunately over the past few years some of the funds established for this purpose have come to an end, and the school would like to ensure that similar prizes continue to be available to present to future pupils. To this end the school would welcome donations of prizes, which can be for any number of years. If you are interested in donating a prize please contact the Headmaster for further information.
